

APPENDIX A
Serial No. 09/638,270
METHOD FOR DEVELOPING OR PROVIDING
AN ELECTRONIC COURSE

In the Claims

Please rewrite Claims 3-7 as follows:

B1 3. (Twice Amended) ~~The method according to claim 2 wherein the electronic tools comprise a calculator for determining an intermediate result or precursor to the solution of the task~~ A method for providing an electronic course for instruction of students via an electronic communications network, the method comprising the steps of:

describing an illustrative scenario for an electronically deliverable course;

defining at least one possible role assignment for a corresponding student of the course based on the illustrative scenario;

providing a task for the student based on the role assignment and the scenario;

and

establishing a guidance system accessible to the student over the electronic communications network to provide guidance for solving the task, wherein the guidance system comprises providing a list of electronic tools to the student, the electronic tools being associated with a corresponding scenario, wherein the electronic tools comprise a calculator for determining an intermediate result or precursor to the solution of the task.

B2 4. (Amended) The method according to Claim 4 ¹/₂ wherein the establishing step comprises tailoring the level of guidance to the student based on an assigned level of the student.

3.
3. (Amended) The method according to Claim 1¹/₂ wherein the establishing step comprises tailoring the level of guidance to the student based on an assigned level of the student from previous feedback from an instruction during the course.

4.
4. (Amended) The method according to Claim 1¹/₂ wherein the establishing step comprises developing a hint on solving a task as a lowest level of guidance.

5.
5. (Amended) The method according to Claim 1¹/₂ wherein the establishing step comprises developing a specific direction on solving a task as a highest level of guidance.
